### SUMMARY

Full Stack Developer with an A. S. in Network Administration with a love of learning and all things tech. A strong attention to detail with excellent soft and problem solving skills, which translates to taking any assigned task from A to Z. Looking to leverage my education, skills and experience to develop highly useful applications and web sites.

### TECHNICAL SKILLS

**Web Developer Skills:** HTML, CSS, JavaScript, Bootstrap, Media Queries, JQuery, MongoDB, Express, React.js, Node.js, Mongoose, Moment.js, Firebase, MySQL, API's, JSON, REST, Git, Github, Command Line, Programming Logic

**IT Skills:** Troubleshooting, Diagnostic, Repair, Installation, Software, Hardware, Windows XP/7/8/10, Windows Server 2008/2012, Microsoft office 2016/2019/365

### PROJECTS

**Giglist** | <https://github.com/TimGangl/setlist> | <https://giglist.herokuapp.com/>

- Full-Stack MERN app for musicians that solves the problem of lost set lists.
- Allows the user to add their song repertoire and build different set lists using those songs.
- My role for this project was Design and entire front end.
- I also gathered data for seed data and created the blinking BPM badge.
- We used the following for this project: React, React-bootstrap, Express.js, Node.js, MongoDB, Mongoose

**teachers PET** | <https://github.com/TimGangl/teachersPET> | <https://tranquil-coast-15604.herokuapp.com/login>

- A class management tool for educators. Individual student data, assignments, and lesson plans can be added deleted and displayed for each class.

- My role in this project was primarily in design and front end, but I also helped with routes.
- We used the following for this project: EJS, Javascript, Json Web Token, Bootstrap, mySQL, Node.js.

**Sacramento Sound Machine** | <https://github.com/TimGangl/Sacramento-Sound-Machine> | <https://github.com/TimGangl/Sacramento-Sound-Machine>

- An easy to use app intended for the non-musician, musician and everyone in between. Drum pads to practice beats on and a drum sequencer so you can create a beat and practice your instrument over said drum beat.
- My role in this project was concept and the entire front end.
- We used the following for this project: Web Audio API, Random Kanye Quotes API, JavaScript, Bootstrap, Firebase

## **EXPERIENCE**

**Category Merchandiser/Stock crew Manager**

2007-Present

**Nugget Markets Inc.**

Sacramento, CA

- Design new layouts of categories companywide utilizing critical thinking and problem solving skills to obtain desired final product.
- Led a stock crew team to be the most efficient team in the company, utilizing my communication skills and hard work while fostering a fun work environment.

**Team Lead/C.O.S.**

2001-2007

**Sam's Club**

Santa Fe, NM

- Supervised a team in Electronics/ Grocery departments by helping members with questions on electronics and other products utilizing my knowledge of technology.
- Maintained the front end of club by leading team of cashiers in best practices and company standards.

## **EDUCATION**

**Bootcamp Certificate: UC Davis, Sacramento, CA**

- A six month concentrated program aimed at obtaining programming skills in HTML5, CSS3, JQuery,. Bootstrap, Firebase, Node JS, MySQL, MongoDB, Express, Handlebars.JS & React.JS.

**A.S Network Administration: MTI College, Sacramento, CA**

- A two year program aimed at gaining skills and education in the Computer Science field ranging from hardware, software, repair, installation, networks and real world troubleshooting.
- Obtained My CompTIA A+ IT Technician Certification
